SOFT SKILLS

Analytical thinking

I always think of ways to code efficiently and for best functionality of the app/web, but I always put myself in a end-user's position to understand what they need and ready to adapt to the changes they would like to see implemented on the website

Time Management

I always set aside time to plan my week and distribute the workload by days so that I can simultaneously meet deadlines and maintain well-being

Eager to learn

I always look for ways to expand my skill set. I'm always ready and constantly learning from those who are more experienced than me and I'm willing to learn new technologies.
